MODERN BACKGROUNDS COLORBOX ZEN CHIC

Who doesn't love the delicately textured, versatile companions that make a quilt so cozy and interesting? After the very popular gray textures in PAPER and INK, Zen Chic now complements the low volume palette with subtle color textures on white, eggshell and fog - with a full color wheel to choose from.

The special extra in this collection is a modern cheater-print with colorful, striking circles on textured patches. It's the perfect print for a fast, contemporary baby quilt, or as a dramatic backing.

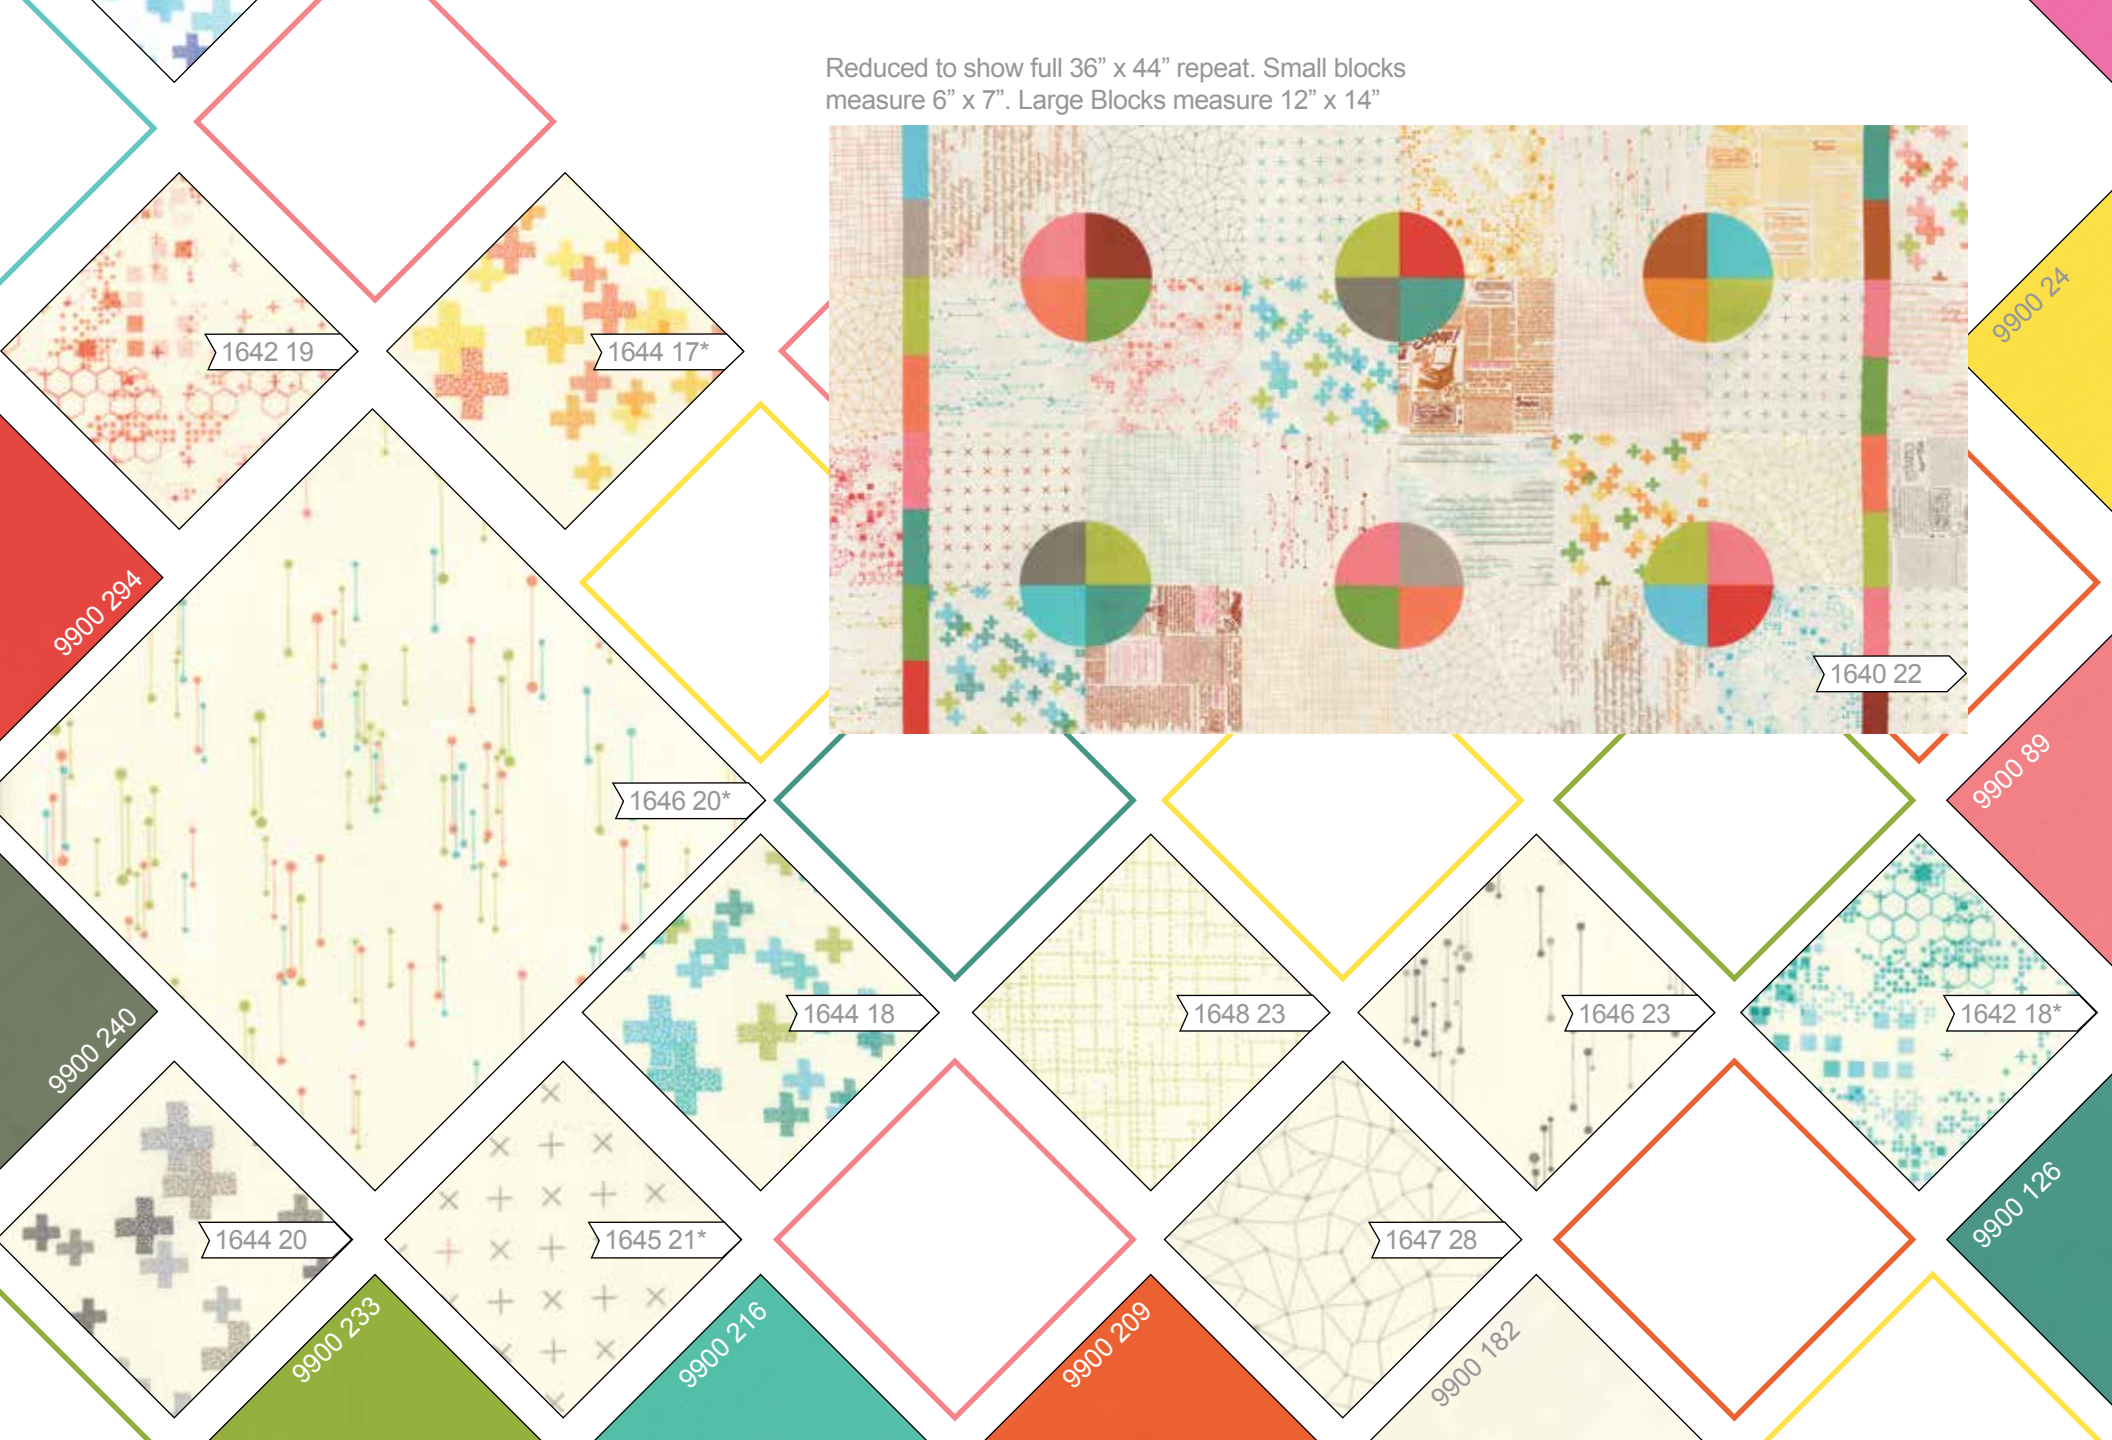

So create a beautiful quilt from these backgrounds and

be the color to someone's gray.
