

Painted Garden

CRYSTAL  MANNING

“I would like to paint the way a bird sings.” – Monet

This collection celebrates nature by the brush of an artist. Painted Garden captures nature in full bloom with energetic brush strokes and a vibrant palate. It's a composition featuring paint splatters, brush strokes and garden creatures. Now that the paint is dry, you can safely create décor pieces that will allow you to enjoy a garden within your home or a garment that makes a colorful statement.
