

Evermore

Sweetfire

DESIGN Co.

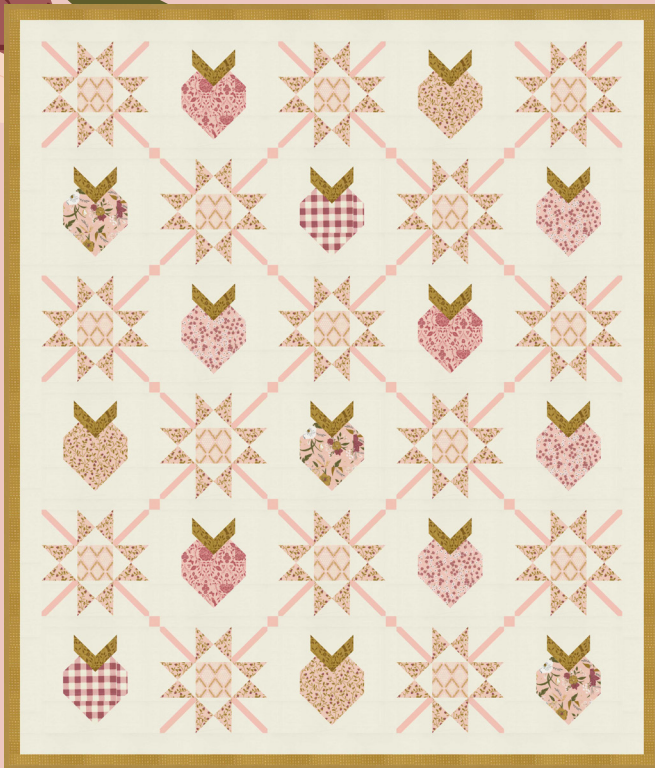

Imagine yourself in a quiet, aged cottage surrounded by fragrant gardens where life is slow and sweet. You feel the earth under your toes as you garden barefoot. And the scented blossoms you picked adorn the kitchen table where you reminisce with friends over a slice of Granny's apple pie.

When you visit the cottage at Evermore, life feels sweet, simple and sentimental. My new collection for Moda, Evermore, was created from my heart as a place that feels like home... a place where we are all welcome, loved and comforted.
