

Kitty Christmas

URBANCHIKS

That cheeky kitten is back to bring a little merry mischief to your retro-inspired holiday projects! Whimsical poinsettia and toy-box ditsy prints, lacy ribbon stripes, scattered snowflakes, and versatile polka dots come together in a vintage-mod palette of holly, frost, mint, coal, and bubblegum pink to make this cheerful collection. Use the oversized kitty panel as the centerpiece for quick quilts, or cut and appliqué the panel onto pieced tops that showcase the full range of fabrics – as shown in Here Comes Santa Claws, available as a boxed kit!
